Bognor on a Sunday afternoon in July, what could be better. Good company a game of bowls you cannot ask for more!

Or could you?

Bognor's green is another victim of Sussex local councils' and their inability to maintain bowling greens to an adequate standard. We had 32 bowlers on the Waterloo Square greens trying to play a sport. We will never be able to produce competitive bowlers if they bowl on greens like this – it is not Bognor's fault or the fault of any other club with a council maintained green – but it is still a disgrace.
